ACORD Honors NxTech for Outstanding Accomplishments

Cincinnati, Ohio (May 27, 2008) – NxTech, Incorporated, a leading provider of real-time interfaces, system integration, translation, data management and interactive web development to the P&C Insurance Industry, has received two ACORD 2008 Accomplishment Awards. They are the Shared Service and/or Infrastructure Platform, Middleware Award and the Industry Leadership for Straight Through Processing Award. Award announcements were made at a ceremony held during the ACORD LOMA Insurance Systems Forum in Las Vegas.

ACORD recognized NxTech's commitment and leadership in the way business is processed utilizing ACORD standards. NxTech firmly believes the key to successful implementations is industry standards and those standards represent the centerpiece of NxTech's ConneXt offering.

"NxTech understands the value of standards and promotes the use of standards wherever possible. The awards presented to us by ACORD are a testament of how using standards, industry knowledge, and NxTech's Total Interface Solution for implementations guarantees that carriers and agents reach their interface goals. Straight-through processing exists now because of implementations using these standards from ACORD" says Bill Tedrick, CEO at NxTech. "Being recognized three years in a row, NxTech looks forward to even more success with ACORD and our customers in the coming years."

"On behalf of ACORD, I want to congratulate NxTech on receiving two 2008 ACORD Awards. I also want to commend them for their commitment to the implementation of ACORD standards," said John Kellington, senior vice president, ACORD.

About NxTech

NxTech, headquartered in Cincinnati, Ohio, was founded to provide technology to unlock data and integrate systems for the benefit of all participants within the insurance industry. Emphasizing real time straight through processing with XML and ACORD standards, NxTech's reusable component architecture allows for a comprehensive and easily expandable solution. For information about NxTech's products and services, email NxTech@NxTechCorp.com or visit our website at www.NxTechCorp.com.

About ACORD

Based in New York, ACORD (Association for Cooperative Operations Research and Development) is a global, nonprofit insurance association whose mission is to facilitate the development and use of standards for the insurance, reinsurance and related financial services industries. With offices in London as well, ACORD accomplishes its mission by remaining an objective, independent advocate for sharing information among diverse platforms. ACORD Standards and services improve efficiency and expand market reach. Affiliated with ACORD are hundreds of insurance and reinsurance companies and thousands of agents and brokers, related financial services organizations, solution providers, and industry organizations worldwide.
